

Event Security

Response Security Solutions are experts at providing a total crowd safety and event security solution for events of any size. We have proven experience in various event security and crowd management roles, varying from concerts and festivals, along with football and rugby matches, right down to more corporate events such as company AGM meetings and product launches. Response Security Solutions have also provided event security to golfing tournaments, and large scale exhibitions. We are the sole supplier of event security personnel for the Kent leg of the Tour de France.

Our event security team, wherever possible are recruited from the venue's local area, ensuring that you are never hit with the added expense of travel costs. Our national team of experienced event security staff help us to provide this level of service and as a result means staff are always alert and not starting work after a long journey to the event.

We can cater for all your crowd management and event security needs by providing a complete service, including crowd safety personnel, pit barrier teams, health and safety officers, traffic management officers and even SIA registered close protection officers for visiting VIP's that you may have attending your event. Response Security Solutions also have a dedicated security dog section . Our four legged team can be used for roles such as search, drug detection and crowd control.

As soon as contracts are exchanged, you will be assigned a member of our senior security management team who will assist you in all security and safety planning from start to finish, this manager will also attend any Safety Advisory Group (SAG) meetings that are arranged free of charge, act as a dedicated project manager for the duration of your event and will be your point for contact for any post event/concert queries.

At present, many companies are taking advantage of our special event security packages and have recently awarded us long contracts to secure their events, we hope that you too will contact us regarding the safety at your event and that we may start a business relationship together.

We look forward to hearing from you in the near future!

Please feel free to browse through the security services we offer and also the photo gallery of our staff working so you may see for yourself the friendly approach of crowd safety teams. [Event Security in Kent](#)

Response Security Solutions provide event security in Kent from an experienced team of festival security and concert security specialists, many of whom have worked in the industry for many years. Our events in Kent have included various concerts with the jewel in the crown being A Day for Heroes - the family concert to raise awareness of the Help for Heroes charity, [Event Security in Cardiff](#)

Response Security Solutions provide event security in Cardiff from our South Wales headquarters. In addition to our regular skills, we have a number of Welsh speaking security operatives who work for us on a regular basis, both at home in Wales and also in the South East of England. Our South Wales office is managed by an event security specialist who has spent the last five years working in a supervisory and management capacity at major events varying from pop concerts to festivals.
