

Customer Feedback

Being in the security industry is nearly always a thankless task, but on the rare occasion a customer takes the time to offer us a testimonial, we'll endeavour to publish them here.

Just a quick note to say how much I appreciated your swift response to my enquiry which culminated in you and your team carrying out a fantastic job within 24 hours of my distress call. Your team were top notch and coped easily and effortlessly in what was a difficult situation. Yourself, Shaun, Maurice? and of course delicious Emma were without a doubt the best crew I have had the pleasure of working with over a career spanning 25 years. More importantly, your advice was refreshing and intuitive which naturally I have followed. I look forward to hearing from you in due course and working with you again.

Shane Whelan, The Brass Apple at The Mary Rose Inn
